

Aleksandar Andric

PHP Web Developer

A highly resourceful and innovative PHP developer with extensive experience in the layout, design and coding of websites specifically in PHP format. Possessing considerable knowledge of the development of web applications and scripts using PHP programming language, Laravel and MySQL databases. With the enthusiasm and ambition to develop current programming skills even more. Seeking a position in company that provides an opportunity to develop a steep learning curve, a proactive role and challenging tasks and also allows me to make positive contributions.
